Group Office

Hello together - good day,

I would like to introduce our association: we are a non-profit association and exempt from corporation tax by the tax office.

Our association has been in existence for over 30 years. We started in 1988 and deal with topics in all decent directions; safety is very important to us!

In the age of WhatsApp and similar products, we would like to do our own self host for contacts, calendaring etc. Now we have discovered groupoffice and are very pleased with reading their comments on your website.

We would like to introduce ourselves with your product at our club evenings. It is the commercial version.

In the age of Whatsapp and similar products, we would like to do our own thing for contacts, calendaring etc. Now we have discovered Group Office and are very pleased with reading their comments on the website.

We meet every third Friday of the month. On the club evenings we would like to present your product Group Office. Maybe there will be several club evenings. It would then be about the commercial version. Unfortunately we are not able to pay an amount of 399 EUR.

Since we also work very well together with other institutions, I suggest the following: If you could provide us with the above mentioned version free of charge, you will get a donation receipt of 399 EUR from us.

Is this perhaps a deal for you? That would be great. I am already looking forward to a positive answer. Thank you very much for your efforts with us;-))))

Have a nice evening!

Many pre-Christmas and cheerful bits and bytes will send you
